

# SaveNETacoma.org

Dear Save NE Tacoma Supporter,

Save NE Tacoma has spent the last 3-1/2 years preventing North Shore Investors from replacing North Shore Golf Course with 860 homes. We've had many fundraisers during this time, raising more than \$318,692. No other grassroots community effort has been as successful as ours in preventing such a project. The funds raised have gone to legal fees, allowing us to stay current with our expenses. Without you this would not be possible.

In order for us to see this to the finish, we need to raise more money. This letter is being sent to you, our supporter, asking for a donation.

The August hearing has been delayed at least until October 22nd to allow the Court of Appeals to hear oral arguments by our Attorneys and potentially issue a decision. We anticipate this legal process will cost an additional \$30,000. Please help us see this through, ***"We're almost there"***.

Some of you have donated in the past, and we thank you! Others have contributed by way of signing petitions and attending community meetings, we thank you as well. Because of your previous support we are sending you this letter and ask that you take a minute to consider making a donation. No matter how large or small, your donation will ensure our continued legal representation.

**You** are the reason we still have our open space, **You** are the reason bulldozers are not on the course...so we thought we would simply ask you for help.

We are all aware of the tough economical times many of us are facing, we can only ask that you consider a donation now or in the future. Thank you again for your continued support.....

***We're almost there, with your commitment we will save our community and open space.***
